ROTARY CLUB OF THANE CREEKSIDE NEWSLETTER

ENCOURAGING OUR SPIRIT OF BONDING, COLLABORATION, AND SERVICE

Dear Creekside club Members,
Greetings!

As we embark on the designated months for Basic Education and Literacy followed by Community Economic Development in October, let us unite our efforts to make a lasting impact. Our commitment to these causes defines Rotary's essence, and your active participation amplifies our collective strength.

I encourage each member to engage wholeheartedly in district events during this time, fostering stronger connections not only within our club but also with fellow members across other clubs. Embrace the true spirit of Rotary by contributing to meaningful initiatives that uplift communities through education and economic development.

Let's mark our calendars for the official club visit in October, a moment for us to reflect on our achievements and set the course for future endeavors. Together, we can make a difference that resonates far beyond our club borders.

Thank you for your unwavering dedication to Rotary's noble ideals.

Warm regards,

President
Santosh Rawat

NEWS FROM ROTARY INTERNATIONAL

ROTARY WILL HELP FACILITATE COLLABORATION ON COMMUNITY-LED CLIMATE ACTION, AND DISCUSS THE INTERSECTION OF CLIMATE CHANGE AND MENTAL HEALTH

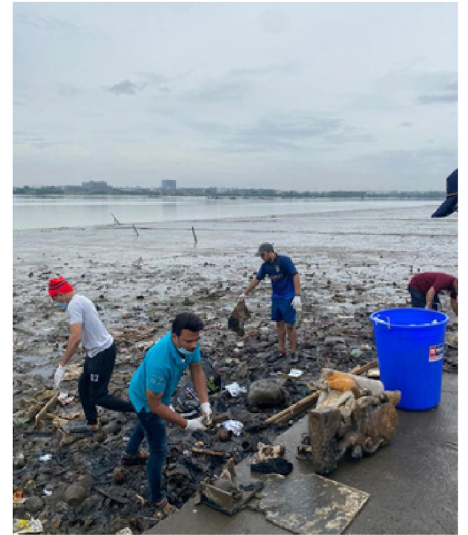

As nations unite to fight the escalating climate crisis, Rotary is stepping forward to foster dialogue, drive partnerships, and highlight community-led solutions at the 2023 United Nations Framework Convention on Climate Change Conference of the Parties (COP28) in Dubai from 30 Nov. to 12 Dec.

Set against the backdrop of a world grappling with multifaceted environmental challenges, Rotary will emphasize the importance of collaborative community-driven action and will help facilitate discussions between climate experts and key opinion leaders from across the globe.

The Rotary delegation, led by Rotary International President Gordon McNally, Rotary Foundation Trustee Chair Barry Rassin, and Rotary International General Secretary and CEO John Hewko, will manage a Pavilion in the UN-managed venue. Across the two weeks, Rotary will host 28 breakout sessions aligned with the COP28 thematic days.

"We aim to bring to the fore how community-driven organizations like Rotary can catalyze positive change and effectively tackle both the causes and impacts of climate change," said McNally. "Our legacy is not just in the projects we initiate, but in the global collaborations we foster for a healthier planet."

As a testament to Rotary's global community presence and commitment to climate action, the Association of Rotary Clubs in UAE will showcase local environmental initiatives in the venue managed by the COP28 UAE Presidency.
